

LETTER OF RECCOMONDATION

SUBJECT: RAND AND JONES ENTERPRISES

TO WHOM TO MIGHT CONERNS

I worked in the Federal Government contracting for twenty (20) plus years. The majority of my contracting experience was in construction. In the early 80's I worked for the Army Corps of Engineers (COE) Buffalo District. At which time I administered my first contract with Rand and Jones Enterprises. All the construction contracts went very well. The construction inspector where very pleased with the work.

I then transferred to the 914th Air Force Reverse Command (AFRC) at Niagara. As a Senior Contract Specialist and ultimately the Chief of the Contracting Flight at Niagara I worked with Rand and Jones Enterprises for several years.

The 914th AFRC had numerous construction contracts with Rand and Jones Enterprises. However, the most impressive contract that the 914th AFRC had with Rand and Jones Enterprises Work Order contract for the following reason:

- Good workmanship
- On time and in accordance with specification
- If there was an area on concern we were able to have a discussion and work with us.
- Few modifications
- In some instances, Rand and Jones Enterprises would also show the 914th AFRC a better way of completing the project, or cost savings methods.
- They worked well with our Engineering Department and well as the Construction Inspectors.
- Safety

If you need any additional information I can be reached at 716 751 9601.

Barbara J Mansfield

Chief Contract Flight – 914th AFRC (RET)
